Northern Freedom Homes & Recreation

Jordan Sayer, a student with STEP, is seen here presenting Tina Hammell co-owner of "Northern Freedom Homes and Recreations" a "STEP Community Living Certificate of Appreciation" award for allowing him to gain work experience as a COOP student at her establishment. The team at Northern Freedom Homes and Recreation all felt that this experience was a positive one and stated they are willing to offer this opportunity again in the future to other STEP students. Jordan was thrilled to be a part of their team and appreciates the work experience he had while with them.
